

BEFORE THE PUBLIC SERVICE COMMISSION
OF THE STATE OF DELAWARE

IN THE MATTER OF INTEGRATED RESOURCE)	
PLANNING FOR THE PROVISION OF STANDARD)	
OFFER SERVICE BY DELMARVA POWER & LIGHT)	PSC Docket No. 16-1087
COMPANY UNDER 26 DEL.C. §§1007(C) & (D))	
(Filed November 30, 2016))	

ORDER NO. 9060

FOR ADMISSION AS AN INTERVENOR

AND NOW, this 11th day of May, 2017, pursuant to the authority granted to me in PSC Order No. 9026 dated February 23, 2017, this Hearing Examiner having considered the Petition for Leave to Intervene ("the Petition") filed by the Mid-Atlantic Renewable Energy Coalition ("MAREC") on April 24, 2017, and there being no objection thereto filed by any party of record;

NOW, THEREFORE,

1. The Petition is granted.
2. In PSC Order No. 9014, the Commission ordered that the deadline for filing petitions for intervention was February 23, 2017.
3. Although MAREC's Petition to Intervene was not timely filed under the original Procedural Schedule, the Commission granted me the discretion to amend the Procedural Schedule to allow the parties additional time to properly consider the matter. I therefore, find that MAREC has filed timely under the revised Procedural Schedule.

4. In Paragraphs 2 and 3 of its Petition to Intervene, MAREC describes the reasons why it should be permitted to intervene as follows:

2. "MAREC is a nonprofit corporation, formed to help enhance the opportunities for renewable energy development primarily in the region where the Regional Transmission Organization, PJM Interconnection, LLC operates...The primary areas of focus of MAREC are to work with state regulators to develop rules and supportive policies for renewable energy; provide education and expertise on the environmental sustainability of wind and solar energy; and offer technical expertise and advice on integrating variable wind energy resources into the electric grid."

2. "MAREC has a substantial interest in this matter that is not adequately represented by other parties in the proceeding. MAREC members are committed to significant growth in renewable energy technologies to support economic development in the region and helping to meet the aggressive legislative mandate for renewable energy through Delaware's renewable portfolio standard."

3. "[MAREC's] members are affected by the issues raised on this proceeding and may be affected by issues raised by other parties in the proceeding."

5. MAREC's petition raises a number of substantive issues in the docket which must be addressed.

6. By my granting its intervention, MAREC is on notice that it must comply with the Commission's *Rules of Practice and Procedure*.

BY ORDER OF THE COMMISSION

R. Campbell Harris
Hearing Examiner
